

# Winter Trail Grooming Report – 2023-02-05

written by John Mueller | February 5, 2023

We groomed the trails yesterday afternoon to freshen them up. Overnight we received a dusting of snow. It was calm, but we have seen a slight increase in the wind this morning so there will be some drifting on the trails this morning. The winter activities continue on the trails today.

Status as of 8:30am

## **Trail Status**

- **Perimeter Loop:** Groomed Flat , Feb 4th
- **Inner Loop:** Classic Tracked, Feb 4th
- **In There Loop:** Classic Tracked, Feb 4th
- **Outer Loop:** Classic Tracked, Feb 4th
- **Out There Loop:** Classic Tracked, Feb 4th
- **North Eastern Loop:** Classic Tracked, Feb 4th
- **Adventurer Snowshoe Route :** Packed, Feb 4th
- **Explorer Snowshoe Route :** Packed, January 21st

Keweenaw County has received [158" of snow](#) as of 2/3/2023.

## **UPDATE: 2023-02-05 3pm**

We groomed the trails around noon today to freshen them up as it continues snow lightly (fluffy flakes) – with the 2017 Gator, which hadn't been in action since last April (it is good to see it back in action). The trails are in good shape for the rest of the day, with a lite layer of snowflakes laying on the classic tracks. The winter activities continue on the trails today.

## **Trail Status**

- **Perimeter Loop:** Groomed Flat , Feb 5th
- **Inner Loop:** Classic Tracked, Feb 5th
- **In There Loop:** Classic Tracked, Feb 5th
- **Outer Loop:** Classic Tracked, Feb 5th
