

# Employment Opportunities

written by admin | August 27, 2018

At the Lodge, we seek awesome people who bring fun, joy, and  adventure to work each day. Our team members value integrity, honesty, positivity, and each other, while celebrating the history and future of the Lodge, the Keweenaw, and our environment.

If you share these values (see our full set of team values) and want to see how you might fit in at the Lodge, check out the job descriptions below. You can meet the rest of the team here.

Note: We have housing available for employees this year in the hotel complex so team members can stay on property (\$100/week/person – double occupancy). [ View employee housing accommodations and the Employee Handbook for more employee benefits ]
