

# Rideshare

written by John Mueller | December 17, 2020

Employees that work at the Lodge have the option to utilize the **rideshare** program which allows for employees to carpool to and from the Lodge. The rideshare program utilizes SUVs from the [Commute with Enterprise](#) program, which is a partnership between Enterprise and [MDOT](#).

The cost for the rideshare program: **\$15 / two weeks.**

Individuals share the gas expenses amongst the riders in a vehicle.
