

# Disc Golf

written by admin | August 23, 2018

We have a 9-hole disc golf course that is in the back woods of our property. The course is accessible to resort guests and the general public. It is free to play the disc golf course. You can park in the parking lot next to the hotel building, and walk the 9-holes of disc golf.

Discs are available at the Outdoor Activity Center. Free for lodging guests, \$10 / day for non-lodging guests.

The disc golf course is located east of the lodge building, at the edge of the parking lot. Below is a map that shows where the course is located and the routing of the 9 holes. The blue circles indicate the start of each hole.
