

Telescope Lending Program

written by John Mueller | November 24, 2021

KML lodging guests are welcome to borrow a telescope from the Outdoors Activity Center (OAC). Currently we have the Celestron Star Sense Explorer LT available to use. Telescopes are available one night at a time and must be returned by 11am the next morning. There is no charge to use a telescope, please call the OAC or stop in to make a reservation.
