[ [Learn more about our dog policy](#) ]

## [Can we have a fire pit at the cabins?](#)

Firewood is provided for all cabins that have wood-burning

fireplaces. We stock the firewood before you arrive, and then we replenish the firewood during your stay when you hang your wood medallion outside. The medallion should be hung by 11am so we know to provide the firewood to your cabin later that day.

## **Do the cabins have air conditioning?**

The cabins do not have air conditioning. However, we do provide fans, upon request.

## **When is the best time to visit the Lodge for fall colors?**

The best time to visit the Lodge / the Keweenaw to see the

leaves change is the last week in September and the first two weeks in October. That said, it is up to Mother Nature to determine when she wants to have her trees have their leaves change color and drop in order to get ready for the winter.

## [When is the best time to visit the Lodge to see the Northern Lights?](#)

We are not able to turn on the Northern Lights with a light switch and can not be seen every day / night. However, that said, the Northern Lights are happening throughout the year. The question becomes when they happen during a given day (during the daylight -- when you can't see them, or during the night time, when you can see them when it is clear, no cloud cover), and if they come down far enough south to be able to see them from the tip of the Keweenaw. Since there are more hours during the night between October and April, you have a higher probability to see the Northern Lights during those months.

[ [Learn more about the Northern Lights](#) ]

## [Is there wi-fi?](#)

Yes, we have wi-fi at the Lodge building and throughout the cabin area. However, realize it is not wi-fi that you would find in downtown Chicago or even in rural America. We are remote, and our cabins are made of think logs (historic, rustic, built in the 1930s).

[ [Learn more about the wi-fi at the Lodge](#) ]

## [Can I bring my own food and eat in the Lodge?](#)

## Why is the bar closed?

The bar has been closed since 2020, which was the start of the executive orders that limited operations and spaced people out (and thus, we took away the bar stools).

We learned from that time that we are about having people be outside and look outside, rather than at a wall (which is what the bar does -- it has you looking at a wall, which can be anywhere). The outside scenery is what the resort is about and our focus is to get people closer to nature, not a wall.

And we are about being quiet and a bar at night is loud. So we are serving craft beer, wine, hard ciders, and hard seltzers at the Little Cabin Cafe, which has cafe hours --- closes at 5pm each day, with the over all Lodge building closing at 6pm each day.

## Is the bar open?

No, the bar is closed. It has been closed since 2020.

Craft beer, wines, hard ciders, and hard seltzers, along with coffees, teas, sodas, and kombuchas can be purchased at the Little Cabin Café.

## Can I bring my own food and eat in the Lodge?

You are **not** able to bring your own food (and drink) and eat (drink) in the Lodge building. You can bring your own food and eat on the Lodge property outside of the Lodge building (e.g. at a picnic table or in your cabin).

# General

## [When are you open?](#)

The resort is open year round. For the hours that each area of the resort is open each day of the week, you can find that info on [Hours of Operation page](#).

## [How are the road conditions during the winter?](#)

The Keweenaw County Road commission does a wonderful job keeping the major roads (e.g. US Hwy 41 and M26) cleared. They also keep our main road into the Lodge, Golf Course Road, cleared in a timely fashion.

That said, one shouldn't be driving in a major snowstorm / blizzard, as that is not safe. The county tends to get to roads within 24 hours after a major snowstorm.

## [Do you recycle?](#)

Yes.

[ [Learn more about our sustainability initiatives](#) ]

## [Can I charge my electric vehicle at the resort?](#)

Yes. We have a Rivian Waypoint charger at the resort. You can find it on the east side of the Lodge.

[ [Learn more about charging your vehicle at the Lodge](#) ]

## [Can I bring my own food and eat in the Lodge?](#)

You are **not** able to bring your own food (and drink) and eat (drink) in the Lodge building. You can bring your own food and eat on the Lodge property outside of the Lodge building (e.g. at a picnic table or in your cabin).

## [What is the nearest airport?](#)

The nearest airport is the **Houghton County Memorial airport** that is in between Houghton/Hancock and Calumet. It is about a 40 miles from the Lodge.

## [Who owns the resort?](#)

The Keweenaw Mountain Lodge was established in 1934 and was owned and operated by Keweenaw County / County Road Commission until 2018. The resort is now privately owned, by Keweenaw Resort, LLC.
