

Keweenaw Coffee Works – Special Blend for the Cabins

written by John Mueller | September 4, 2021

We have worked with [Keweenaw Coffee Works](#) in [Calumet, Michigan](#). So the beans are mixed and roasted less than 30 miles from the resort, and the blend is exclusive to the Lodge.

The notes for the KML custom coffee blend are:

Region: Indonesia

Roast: Full medium

Notes: Rich coca, Vanilla bean, brown sugar with a balanced body and sweet after taste.

This exclusive Lodge blend is available in the cabins for cabin guests or can be purchased from the Lodge Life Shop in 12 oz bags.
