John,

Thanks for taking a few minutes to discuss the street lighting control at Keweenaw Mountain Lodge. Attached is the original quote from Wizard Lighting for the components and commissioning. Payment for the components and commissioning would be made to Standard Electric, we will take care of ordering and follow up. You would choose a contractor of your choice for install.

As I mentioned I travel to the Keweenaw area weekly. If you would like me to visit at any time let me know and I will drive up to your location.

Scott, hope your week was good. I apologize for the delay in responding -- am focused on other things during the summer activities at the Lodge.

Thanks for resending the quote so I had that in the email dialogue.

Let's move forward with this order. So you would be the one sending the invoice under Standard Electric (as opposed to Wizard, even though the quote came from Wizard)?

With the Verizon connection, is that needed even though we are doing a wifi connection with this setup?

Hi John,

One question. Did you want to set up an account with Standard Electric for Keweenaw Mountain lodge?

Hello John,

Will you let me know if your intent is to set up a formal account with Standard Electric please? I need to determine how payment will be handled.

Will you fill out the credit app please? I don't know if it matters but I am still heading for the Houghton area today.

Scott, hope the week has started off well for you.

It looks like our account has been setup with your organization. Let's move forward with the purchase.

What is the next step? And do you have info for the installation that I can pass along to our electrical contractor?

John,

Placed a drop ship order that will ship directly to you and did ask the rep what else might be needed. The rep did not ask for anything else yet. Will certainly keep you informed.

Scott,

Can you make sure that the invoices get sent electronically? To ap@keweenawresort.com. That helps with our recordkeeping and payment process.

Scott, do we have an ETA on delivery of the items? I am working to schedule the install and need to let the crew have an idea of when they can expected to do this work install. Thanks. - JM
