Scott, hope your week has started off well.

Can you double check the invoices for us. They do not seem correct. I haven't paid all of them as I would like to make sure they are correct...and now we are getting charged a finance fee. Please advise, review, and give me a call. Thanks.

Can you check the invoices to see if we have them correct? I am doing ap checks this week for the end of the month payments and want to make sure I have all the correct paperwork for the payment.
